COMMUNITY SPONSORSHIP PROPOSAL

#GETBUZZINGOUTSIDE

What's this about?

BEE Adventures have been trying to convince local councils to invest in outdoor education for public schools with little success for years. From first hand experience our directors can tell you the difference these experiences can make to a young persons life. Confidence, social skills, team work and an improved mental health are a few from the list. So we have crafted an idea to increase participation in the wider community, benefiting both businesses and society as a whole.

How does it work?

Your business pays for a staff team building nature trip with BEE Adventures, included in the cost is funding for a local school to run an outdoor activity day with trained mountain guides. To break it down:

- Improve your staffs mental health and team work with an exciting trip into the outdoors.
- Simultaneously fund an outdoor session in a local school of your choice.
- Boost your marketing by showing your community you care. (Your story will be posted on all our marketing channels)

About us

BEE Adventures is a non-for-profit organisation on a mission to make the outdoors accessible and affordable for all. We have been successfully running weekend adventures for years to help fund outdoor education in schools. Our customers through trip advisor rate us as the best hiking group in Greater Manchester and Lancashire. We have people join our walks from all over the world. We have a growing audience of over 6000!

One of our directors was sponsored at a young age to participate in his first outdoor adventure, this was his first time canoeing, climbing, camping, cooking and cleaning for himself. The journey changed his life which led him to co-create BEE Adventures!

Our moto: We Care About What We Do

Your Options & Prices
